for the
Planter*

FALL 1950 - SPRING 1951

Our **TREES** and
SHRUBS are propa-
gated from carefully sel-
ected, vigorous and healthy
stock.

We are working with both the Federal
and Washington State Departments of
Horticulture in the selection of fruit trees
from which bud wood and seed is obtained to
assure you of the very best productive healthy stock.

GENERAL INFORMATION

SHIPPING SEASON—Our shipping season begins about October 25th and continues until late spring. Where planting conditions are favorable, and if customers request, we can make shipments in mid-winter.

PLANTING INSTRUCTIONS—Planting instructions are given on the back of a shipping tag attached to every box or bale, also on the back of your invoice. **BE SURE TO FOLLOW THEM.**

Most failures and complaints are caused by improper planting and lack of proper care for first 30 days after planting. **Do it right and have successful plantings.**

WE PAY FREIGHT AND SHIPPING CHARGES (Except as Noted)

We pay freight charges (except on Evergreens, Shade Trees, and other items as specified in our price list) to any shipping point within the United States on shipments that weigh 100 pounds or over.

On small shipments, \$5.00 to \$25.00, we pay express or mail charges (except Evergreens, Shade Trees, and other items noted) to points in the Pacific Northwest, and one-half the Express or Mail charges to points elsewhere in the United States. **If order is for less than \$5.00, add 10% for postage and packing. Minimum charge 25 cents.**

PRICES SUBJECT TO CHANGE WITHOUT NOTICE

SALES TAX—If you live in the State of Washington, add 3 per cent Sales Tax on all Flowering Shrubs, Roses, Evergreens, Shade Trees, or other Landscape Material. No tax on Fruit Trees.

NUMBER OF TREES OR PLANTS REQUIRED PER ACRE — HOW TO ESTIMATE

Rule—divide 43,560 (the number of square feet in an acre) by the number of square feet for each plant. The result is the number of trees or plants required for an acre.

Example (Square system)—Trees 20 by 25 feet apart: Multiply 20 by 25, equals 500 square feet; 43,560 divided by 500, equals 87 tree per acre.

If trees are planted on the Triangular system, 15 per cent more than for the Square system will be required.

Strawberries—Field culture: 1 to 1½ by 2½ to 3½ feet. Garden culture: 1 to 2 feet.

USUAL DISTANCES FOR PLANTING

Apple	25 to 35 feet apart
Pear	20 to 35 feet apart
Sweet Cherry.....	25 to 40 feet apart
Sour Cherry.....	} 16 to 24 feet apart
Plum.....	
Prune.....	
Apricot.....	
Peach.....	
Grapes	7 to 10 feet apart
Currants	4 to 6 feet apart
Gooseberries	4 to 6 feet apart
Raspberries	3 to 4 ft. x 5 to 7 ft.

Boysenberries.....	} 7 x 7 or 7 x 8 ft.
Youngberries.....	

GUARANTEE

WE GUARANTEE all nursery stock sold by us to be true to name, otherwise we will replace free. We guarantee all stock to be free from insect pests or plant disease.

We guarantee all nursery stock shipped by us to be of first quality and in good, live, growing condition. Our stock is carefully handled, has good vitality, and under ordinary conditions will grow.

Any complaint about failure to start growth must be made in writing, direct to our office, within 60 days after planting.

PAGES 9 AND 10**

(U. S. Plant Pat. No. 90)

(Two-thirds actual Size)

APPLES

(For Varieties — See Pages 2 and 3)

Varieties marked with an asterisk (*), do well west of the Cascade Mountains.

Varieties listed in order of ripening.

**See Sensational New Apple, Page 2
"NU-JON"**

(U. S. Plant Patent Applied For)

BE SURE TO FOLLOW PLANTING INSTRUCTIONS—
Most stock that fails to grow is lost from improper planting and lack of care.

Apples — (Continued)

(For Prices See Page 1)

SUMMER VARIETIES

- ***Crimson Beauty**—Very best early apple. Ripens week earlier than Yellow Transparent—has sold for double the price; flaming red, good quality and size. TREE very hardy, vigorous, bears young, produces heavy annual crop.
- ***Yellow Transparent**—See Lodi, the new and improved annual bearing Yellow Transparent.
- ***Lodi**—An improved Yellow Transparent that bears every year.

FALL VARIETIES

- ***Red Duchess**—Bud sport of Duchess, dark red, more color than Duchess, stands up well when baked.
- ***Red Gravenstein**—Large, bright red, excellent quality, originated as a bud sport from common Gravenstein.
- ***Gravenstein**—Large, yellow striped red, tender, juicy, highly flavored.

WINTER VARIETIES

- ***Blackmack (T. M. Reg.)**—Sport of McIntosh Red and a more profitable variety. 5 cents per tree extra.

➤ **Nu-Jon**—Plant patent applied for. Sensational new apple Large, deep red striped. Much larger than Jonathan. Excellent quality, Mildew resistant, ripens 10 days earlier than Jonathan. Exclusive "C. & O." introduction. Write for detailed description. Limited supply. Each.....\$2.00

Blackjon (T. M. Reg.)—A bud sport or mutation of Jonathan earlier and more color, deep red. 5 cents per tree extra.

***Winter Banana**—Large, clear waxy yellow with blush, tart flavor, good cooking.

***McIntosh Red**—Large, bright red, striped, white flesh, excellent, very aromatic, dessert and cooking. Good pollinizer for Richared, Shotwell, common Delicious.

Jonathan—Medium, red striped, rich flavor, unexcelled for pies, good dessert.

***Shotwell Delicious (U. S. Plant Pat. No. 90)**—The best improved Delicious; colors earlier than any other Red Delicious. See color photo, page 2. 5 cents per tree extra.

Red Delicious—Stark strain. A bud sport of Delicious ripening just after Shotwell.

***King**—Very large, yellow, splashed with crimson, excellent dessert, good baker.

Richared (T. M. Reg.) Delicious—Another bud sport or mutation of the Delicious. 5 cents per tree extra.

Delicious—Large, red, striped, excellent flavor, fragrant aroma, fine eating, best for salads.

BE SURE TO FOLLOW PLANTING INSTRUCTIONS — Most stock that fails to grow is lost from improper planting and lack of care.

Apples — (Continued)

(For Prices, See Page 1)

Spitzenberg—Medium to large, deep red, excellent flavor, an old favorite.

Spokane Beauty—Largest apple grown. Greenish yellow, striped with red.

Improved Blaxtayan No. 201 (T. M. Reg.)—New all-red Stayman Winesap. 5 cents per tree extra.

Stayman Winesap—Large, striped and splashed with dark crimson, splendid quality, heavy bearer.

SeeandO (T. M. Reg.) Red Rome No. 262—Darker color than Rome Beauty. Nearly all color Extra Fancy Grade. 5 cents per tree extra.

Rome Beauty—Large, yellow, striped with red, fine, juicy, unexcelled for baking.

Improved SeeandO (T. M. Reg.) Winesap—An improved all-red Winesap. 5 cents per tree extra.

Winesap (Common)—Medium, dark red, good keeper and producer.

Chelan—Large, golden, winter apple, excellent dessert and cooking, long keeper.

***Yellow Delicious**—Resembles Grimes Golden somewhat in shape, color and quality. Excellent cooker, fine dessert. Good pollenizer. 5 cents per tree extra.

***Northern Spy**—Large, yellow striped with red, rich and juicy. Old favorite in north and New England.

Newtown Pippin (Yellow Newton)—Medium to large, light yellow, excellent for both dessert and cooking.

CRAB APPLES

***Transcendent**—Large, red and yellow striped, good eating and cooking.

Whitney—Large, glossy, striped with carmine. Juicy—pleasant flavor. An excellent ornamental tree, beautiful bloom.

"C & O" Peach Trees 15 Months After Planting

PEARS

(For Prices, See Page 1)

Bartlett—Large, clear yellow, sometimes slightly blushed, occasionally flecked with russet. Juicy, buttery, dessert, cooking and canning.

MAX-RED BARTLETT PEAR

Each \$2.00

(Plant Patented)

Flemish Beauty—Large, green to yellow, red cheeked, juicy, rich, very productive.

Gorham—Of Bartlett type, same high quality and attractive appearance. Ripens two weeks later than Bartlett, keeps month longer. Good quality, rich flavor, good canner.

Beurre D'Anjou ("Anjou")—A firm pear, rather large, flesh yellowish white, rich, buttery flavor, good keeper. One of the leading commercial pears.

Doyenne Du Comice—Large, yellowish red, rich, juicy.

Seckel—Small, brownish green, red cheek, sweet, juicy, excellent.

Fall Russett (B. Bosc)—Large, cinnamon russet, long neck, juicy, excellent.

Winter Nellis—Medium size, yellow covered with russet, very fine, good producer.

Old Home—Blight resistant; good for top working to other varieties.

BARTLETT
PEAR

APRICOTS

(For Prices, See Page 1)

Varieties listed in order of ripening.

Yakimene (Acme)—A Japanese apricot. Large, early, handsome, distinctive flavor. Excellent dessert.

Riland (U. S. Plant Pat. No. 74)—Discovered and introduced by "C. & O.". The earliest commercial apricot. Excellent shipper, good canner; brings top prices. Takes on beautiful color, very attractive. Price on Riland apricots 5c per tree higher than ordinary varieties. See Page 1.

SUN GLO—(U. S. Plant Pat. No. 751). Our newest "C.&O." introduction. Large, fine quality Apricot. Beautiful, glossy finish. Fine shipper, bears heavily. Price on Sun Glo 5c per tree higher than ordinary varieties.—See Page 1.

Perfection—Very large. Ripens same time as Wenatchee. Promising new variety.

Phelps—Largest cot grown, ripens week ahead of Wenatchee, good shipper.

Chinese—This new apricot is early bearing, a heavy producer, medium size, yellow, good quality.

Wenatchee—Very large: leading apricot of Wenatchee valley, Washington. Very productive—a dessert apricot. (Formerly called Wenatchee Moorpark.)

Royal—Medium size—dull yellow with orange cheek—good canner and dryer.

Blenheim—Medium size, oval, deep yellow. Good canner—productive—excellent quality.

***Tilton**—Larger than Blenheim, oval—fine flavor. Considered one of the best commercial canners.

RILAND (U. S. Plant Pat. No. 74) APRICOT

Apricots — (Continued)

For Prices, See Page 1

Moorpark—See Wenatchee Apricot—Page 5.

J. L. Budd—A small Russian apricot—very hardy, will grow where other apricots fail. Delicious kernel.

CHERRIES

(Varieties Listed in Order of Ripening)

SWEET CHERRIES

SIZES—	Each	25 lots	50 or more
3 to 4 foot	\$1.25	\$1.00	\$.90

{ 5 to 7 foot	1.65	1.25	1.10
{ Extra Select Grade.			

Black Tartarian—Large, purplish black, juicy and rich, certified pollenizer.

Royal Ann—Large, pale yellow with red cheek, firm, juicy and sweet. In demand by canneries.

Centennial—Large, yellow, certified pollenizer.

Deacon—Black, resembles Bing, not quite as large, very resistant to cracking. Certified pollenizer.

Bing—Large, black, fine flavor, good shipper.

Black Republican—Large, shining black, good keeper and shipper, certified pollenizer.

Lambert—Large, dark purplish black, sweet, rich, fine flavor.

SOUR CHERRIES

SIZES—	Each	25-lots	50 or more
3 ft. up	\$1.25	\$1.00	\$.90
3½ to 5 foot	1.40	1.15	1.00
{ 4 to 6 foot	1.65	1.25	1.10
{ Extra Select Grade.			

Early Richmond—Medium size, dark red, acid.

May Duke—Large, red, juicy and rich.

Montmorency—Large, red, "the kind the canneries want."

Late Duke—Large, light red, late and fine.

English Morello—Large, dark red, rich, juicy, acid, good canner.

PEACHES

(For Prices, See Page 1)

Varieties listed in order of ripening.

"F" denotes freestone; "C" clingstone; "S.C." semi-cling.

Trade Marked and Plant Patented Varieties:

Candoka—Plant Patent No. 51.

Herb Hale—Plant Patent No. 588.

Redelberta—Plant Patent No. 232.

Rio Oso Gem—Plant Patent No. 84.

Early Rochester—Plant Patent No. 351.

Price 5c per tree higher than regular varieties. See Page 1.

***Mayflower, S. C.**—Earliest of all peaches, medium, red, white flesh.

***Early Rochester (U. S. Plant Patent No. 315) F.**—New development from the famous Rochester; Ripens approximately three weeks earlier. Has all characteristics of Rochester in fruit, size and tree, but much earlier. Available for profitable early markets. 5 cents per tree extra.

***Redhaven, F.**—New. Highly colored, good quality, yellow flesh, freestone. Ripens month ahead of Elberta.

PROPERLY PLANTED AND CARED FOR STOCK WILL
MAKE SATISFACTORY GROWTH

Peaches — (Continued)

(For Prices, See Page 1)

- ***Golden Jubilee, F.**—Early, good yellow freestone.
- ***Rochester, F.**—Very hardy, thrifty grower. Medium size, deep yellow and red, excellent quality. Especially good west of the Cascade mountains.
- ***Herb Hale (U. S. Plant Patent No. 588) F.**—New, early shipping and canning peach. Originated in H. W. Donahey orchard, Yakima Valley. Large size, excellent quality, yellow meated, free-stone, ripens right after Rochester. 5 cents per tree extra.
- Valiant, F.**—Resembles Elberta but more globular in shape and of better quality. Considered best canner in Ontario, Canada.
- Slappy, F.**—Large, deep yellow—excellent home canner.
- Early Crawford, F.**—Large yellow—good quality. A good home garden peach.
- ***Champion, F.**—White-fleshed peach. Firm, sweet, delicious flavor. Tree hardy, and good bearer.
- Halehaven, F.**—Promising commercial possibilities; earliness, excellence of fruit, good shipping and bearing qualities, vigorous tree growth, resistance to low temperatures.
- ***Veteran, F.**—Elberta type peach. Tree vigorous grower early production.
- Redelberta (U. S. Plant Pat. No. 232) F.**—A bud sport of the Elberta. A true Elberta in all respects except that it matures about 10 days earlier and has double the red color. 5 cents per tree extra.
- Early Elberta, F.**—Also known as Improved Elberta. Large golden yellow. Excellent quality, good shipper and commercial canner.
- Elberta, F.**—Very large, bright yellow—good shipper.
- J. H. Hale, F.**—Very large golden yellow—fine shipper. The commercial peach by which all other peaches are measured for standards of excellency.
- Candoka (U. S. Plant Pat. No. 51) F.**—The “fuzzless” peach. Most beautiful peach grown, very large. 5 cents per tree extra.
- Late Crawford, F.**—Very large, yellow with dark red cheek.
- Indian blood, C.**—Large, red flesh, ideal for pickling and preserving.
- Miller (Orange) Cling, C.**—Large, good flavor, excellent for home canning.
- Rio Oso Gem, F. (U. S. Plant Pat. No. 84)**—Best late variety. Profitable commercial variety. 5 cents per tree extra.
- October Krummel, F.**—Large size, deep yellow, colored carmine. One of the very latest ripening varieties.

Street Planted to "C & O" Globe Locust

PRUNES

(For Prices, See Page 1)

Early Italian—Resembles Italian, slightly larger and Sweeter. Two weeks earlier. Good commercial variety. Origin: A bud sport of the Italian.

Sugar—Very large, oval, dark purple, tender, sweet; particularly fine for home drying and canning. Contains almost 24 per cent sugar.

Hungarian—Very large, dark red, juicy and sweet. Its bright color, productiveness and shipping qualities make it profitable for home or market.

Double X French (Improved Petite)—Larger, just as sweet, bud sport of Petite.

Italian—Medium size, oval tapering at both ends; dark purple, flesh greenish yellow; separates freely from pit; excellent for eating fresh and the best for drying.

Petite—See Double X French.

PLUMS

(Continued on Page 11)

(For Prices, See Page 1)

Asterisk (*) denotes varieties which do well west of the Cascade mountains. Varieties listed in order of ripening.

DWARF FRUIT TREES

DWARF APPLE—14 Years Old

We have a very good supply of well grown dwarf fruit trees. These trees come into bearing very early—trees planted in the Spring often have fruit in the Fall of the following year. They require very little space. Ten of these trees can be planted in a space about half the size of an ordinary living room. It's not only fun, but profitable to grow dwarfs in your back yard garden. The fruit from these trees is identical in size and all other respects as that grown on standard trees. We have the following varieties.

APPLES

Blackjon—An early coloring, all-red Jonathan.

Red Gravenstein—The best Fall variety.

Lodi—An improved Yellow Transparent. The best Summer variety.

Shotwell Delicious—The best Red Delicious.

Yellow Delicious—An excellent Winter apple.

PEARS

Bartlett—The canning pear.

Anjou—An excellent Winter pear.

Winter Nellis—Small delicious dessert pear.

Prices—All dwarf fruit trees \$2.50 each; doz. or more \$2.25 each.

DWARF FRUIT TREES (Continued)

PEACHES

Redhaven—An excellent early freestone.

Rochester—Another good early freestone, an old favorite.

Early Crawford—A good mid-season freestone.

J. H. Hale—Excellent, late, large size, good canner.

"I picked 'em in our own back yard."

APRICOTS

Royal—Small, sweet, good canner.

Perfection—A new very large dessert apricot.

PRUNES

Italian—An old favorite, excellent fresh, canned, or dried.

PLUMS

Climax—Very large, deep red, popular variety.

Burbank—Vigorous, red, juicy, sweet, yellow flesh.

Peach—Light red, large, round, delicious flavor.

CHERRIES

Bing—Mid-season, very large, meaty and sweet.

Lambert—Late season, very large, juicy, sweet.

Montmorency—Large, rich, juicy canner. The best pie cherry.

You will be delighted with a little orchard of Dwarf Fruit Trees in your own back yard. Your fruit will be fresh, tree ripened, much better than you ordinarily can buy at the market.

Prices—All dwarf fruit trees \$2.50 each, doz. or more \$2.25 each.

SEE THAT STOCK IS PROPERLY WATERED AND
CULTIVATED—IT WILL PAY

Plums — (Continued)

(For Prices, See Page 1)

Beauty—Similar in quality and appearance to Climax, two weeks earlier. Excellent pollinizer for Santa Rosa.

Climax—Very large, heart-shaped, deep red, good shipper.

Shiro (Early Gold)—Very early, large, golden yellow, good quality. A Burbank introduction.

***Yellow Egg**—Large, egg-shaped, yellow, good canner.

Maynard—Very large, nearly round, dull red, sweet.

Santa Rosa—One of the largest, most beautiful of all cling plums. Dark crimson, almost round, excellent shipper.

Simonii—Shape and color like tomato.

***Yakima**—Very large, egg-shaped, red, good shipper.

***Peach Plum**—Very large, roundish, purple. Excellent for eating fresh.

Wild Plum—This is the popular old wild plum native to the Mid-West and East. Round, bright red. Famous for jams and plum butter.

***Damson**—Small, round oval, dark purple, fine canner.

***Imperial Gage**—Small, round, greenish yellow, good canner.

President—Late ripening shipping variety, popular and profitable. Fruit large, dark blue, flesh yellow.

Duarte—Japanese blood plum, juicy, sweet, red flesh, earlier, hardier and better than Satsuma.

ASSORTED
PLUMS

A Plate of Luscious Herb Hale Peaches

NECTARINES

(For Prices, See Page 1)

The tree of the Nectarine to all appearances can be called a peach tree. In growth, habit, and soils required it is similar to the peach. The fruit differs from the peach in that the skin is smooth, and the rich, aromatic flesh has a flavor all its own. The Nectarine is an exceedingly delicious dessert fruit.

Boston Red—Large size—deep yellow with bright blush, sweet.

Quetta—Large, yellow green, rich delightful aroma, excellent quality.

***Sure Crop F.**—New. From New Zealand. Firm flesh, large, pleasing flavor, freestone. White skin with attractive red coloring.

QUINCES

(For Prices, See Page 1)

Orange—Large, round, bright yellow, an old favorite, finest quality.

Pineapple—Very large, apple-shaped, flavor resembles pineapple, delightfully fragrant when fresh and delicious when cooked.

NUT TREES

ALMONDS

SIZE—

3 to 4 foot	\$1.25 each	Doz. Lots \$1.10 each
4 to 6 foot	\$1.50 each	Doz. Lots \$1.35 each

I.X.L.—Large, soft shell.

Nonpareil—Thin "paper-shell." Good cropper. Each variety should be planted for proper pollenization.

FILBERTS

SIZE—

3 to 4 foot	\$1.40 each	Doz. Lots \$1.25 each
4 to 6 foot	\$1.65 each	Doz. Lots \$1.50 each

Barcelona—Large, round, comes free from husk. Pollinize with DuChilly or Daviana.

DuChilly—Large, long nut, superior quality. Tree not so large as Barcelona, good bearer.

Daviana—Long type nut similar to DuChilly. Tree large grower. Excellent pollinizer for DuChilly and Barcelona.

Royal—New high quality, very large, round nut.

SIZE—

3 to 4 foot	Each \$2.50
4 to 6 foot	Each \$2.75

ENGLISH WALNUT

Franquette—One of the best English Walnut varieties for the Northwest. Large, well-filled nuts.

3 to 4 foot	Grafted \$2.75	Not Grafted \$2.25
4 to 6 foot	Grafted \$3.00	Not Grafted \$2.50

SeeandO (T. M. Reg.)—Local walnut developed from an old hardy tree. Thin-shelled, plump. Grafted trees.

SIZE—

3 to 4 foot	Each \$3.00
4 to 6 foot	Each \$3.25

BLACK WALNUT

American—Standard black walnut. Fine shade tree. Good pollenizer for English Walnuts.

SIZE—

3 to 4 foot	Each \$2.00
4 to 6 foot	Each \$2.25

Thomas—Soft shell, good quality nut. Heavy bearer, Grafted trees.

SIZE—

3 to 4 foot	Each \$2.75
4 to 6 foot	Each \$3.00

AMERICAN VARIETIES (Hardy)

Fredonia (Black)—New early grape. Berries large, round, hang well, fine flavor.

Portland (White)—Berries sweet, juicy, fine flavor. Productive and hardy.

Campbell's Early (Black)—Large, sweet juicy, good.

Island Belle (Black)—Large, early, good west of the Cascade mountains.

Niagara (White)—Large bunches and berries, the standard white grape, called "White Concord."

Caco (Wine-red)—New, exceptional merit. Compact bunch, good size, hardy, thrifty grower.

Concord (Black)—The standard black, everywhere; very productive.

Agawam (Red)—Large, thick skin, sweet.

SPECIAL! GOLDEN MUSCAT—Beautiful, large, rich and sweet. Muscat flavor. Each .75

CONCORD GRAPE

GRAPES ARE SOMETIMES HARD TO START. BE SURE THEY ARE WELL WATERED UNTIL GROWTH STARTS.

Grapes — (Continued)

EUROPEAN VARIETIES (Medium Hardy)

Csaba (Pearl of Csaba)—White, hardiest, north European grape, small seeds, excellent table grape, good wine grape. Ripens early.

Black Monukka—Seedless, large, very sweet. A grape everyone should have.....Each .75

Malaga (White)—Very large bunches, good shipper.

Ribier (Black)—Largest, new, very fine.

Black Hamburg (Black)—A great favorite, large.

Muscat (White)—Muscat flavor, excellent.

Thompson Seedless (White)—Seedless, small, sweet, good drier.

Flame Tokay (Red)—Large, a favorite, one of the best.

Zinfandel (Black)—The most famous wine grape, enormous quantity of compact bunches, very juicy, sweet.

Alecante Bouschet (Red)—Sweet, bright red juice. A wonderful wine grape—even the leaves turn brilliant red in the fall.

IMPROVED SEEANDO WINESAP

A very dark all red Winesap, larger and much more beautiful than common Winesap which it will entirely replace.

SEEANDO RED ROME No. 262

This is a very fine Red Rome, large size, a beautiful apple that always sells for an advance over common Rome Beauty. Good keeper, heavy cropper. The best Rome we have ever seen.

BLACKMACK

An all red McIntosh—coloring about ten days earlier than McIntosh Red, having more color, more of the fruit is in the extra fancy grade. It can be picked earlier eliminating loss from windfalls, a serious objection with ordinary McIntosh Red. With ordinary McIntosh, many times they are on the ground before picking time.

First Delivery of "C & O" Trees Nearly 50 Years Ago

A far cry from the many millions of fruits trees we have grown since above picture was taken.

EVERGREENS

PEAT MOSS

Large bale	\$5.00
Pony bale	3.00
Large sack (mill pack).....	1.25

LAWN SEED

C. & O. Lawn Mixture, per lb.....	\$1.25
Kentucky Blue, per lb.....	1.25
White Lawn Clover, per lb.....	1.60

"EXTRAX" GARDEN SPRAY

Kills every type of insect from Aphids to Zimbs.

Directions for use on all containers.

4 fluid oz. bottle.....	\$1.00
(Makes 25 to 50 gals. of diluted spray)	

RIX SPRAY

Controls mildew, peach leaf curl, red spider, mites, and is a soil corrective.

Pint	\$.85
------------	--------

NICOTINUM 10

A Nicotine and DDT spray—fatal to nearly all insects, plant diseases, etc.

5 oz.	\$1.00
------------	--------

DOGCHECK—Dog Repellent—"SCRAM"

Safeguards Evergreens, Shrubs, Flowers, Trees, etc. Corrects dog's bad habits. Frees garden of nuisances. Easily applied. An effective repellent for mice, rabbits, etc. Cats do not like Dogcheck—can be used as protection for birds.

3-oz. bottle or package.....	\$.60
------------------------------	--------

VITAMIN B-1.....25c and \$1.00

Stimulates new root growth—fine for use in starting dormant trees and shrubs into active growth.

TRANSPLANTONE.....25c and \$1.00

Reduces wilt in transplanting. Invigorates roots. Any successful planter should always have Vitamin B-1 or Transplantone on hand. If stock shows signs of wilt, or is not growing properly—add B-1 or Transplantone according to directions. One half cent will often save a \$25.00 tree or shrub.

TREE PROTECTORS

Heavy treated tarred felt 7" x 15"—wired top and bottom for tying. These protectors guard against rodent injury, also protect tree from sunscald, winter injury, etc.

NURSERY COMPANY

("THE WENATCHEE NURSERIES")

WENATCHEE, WASHINGTON

Dear Grower:

Enclosed is copy of our current catalogue price list. Many prices are reduced and we believe you will agree that the stock is reasonably priced. We have been growing nursery stock since the year 1906 in the Wenatchee Valley. Our soil and climate combine to make growing conditions ideal for nursery stock.

All our fruit stock is dug in late fall - after it is dormant - then placed in regulated storage where temperature never gets below 37° nor above 42°. Moisture content of air is held at 85% humidity, so that stock can be held and shipped from November to May in prime condition.

During the past half century we have introduced many fruit varieties which are now considered by commercial planters to be improved varieties, and have replaced many of the older varieties of fruit.

In apples we have developed and introduced

RICHARD DELICIOUS SeeAndO **WINESAP** SeeAndO **RED ROME** No. 262

BLACKJON **IMPROVED BLAXTAYMAN** No. 201

SHOTWELL DELICIOUS **BLACK MACK**

and our latest introduction **NU-JON**; an apple ripening about two weeks earlier than Jonathan. It is over 50% larger in size, has wonderful quality, free from mildew, keeps well in storage, etc., etc. It should replace Jonathan.

In peaches we have introduced **REDELBERTA**, **CANDOKA**, **EARLY ROCHESTER**, **HERB HALE**.

In apricots, **WENATCHEE**, **RILAND** and our latest introduction **SUN GLO**, which has size and quality necessary for fresh fruit, and compares favorably with the best canning cots. In addition it is firm, ships well, ripens early and has a beautiful deep orange color with a high gloss satin finish.

We are constantly trying to produce better, more dependable stock, at fair reasonable prices. We are working with both State and Federal horticulturists in selecting parent stock that is thrifty and disease free.

If we can help you with your planting problems, please feel free to call, write or phone. We have a complete landscape service in connection.

Very truly yours,

COLUMBIA & OKANOGAN NURSERY COMPANY

ALL CHECKS, MONEY ORDERS, ETC., ARE TO BE MADE PAYABLE TO THE NURSERY CO.

**PURCHASE AGREEMENT FOR TRADE MARKED
OR PATENTED VARIETIES**

PLANT PATENT NOTICE—Under the United States plant patent law reproduction of patented varieties is prohibited . . . either for personal use, or for sale, except by license or consent of the Plant Patent owner.

Any unauthorized reproduction, sale, or distribution of reproducing propagating material of patented varieties is prohibited by the patent under the variety name or trade mark, or under any other name or names, and will subject the reproducer, seller, or distributor thereof to prosecution for infringement under the United States patent laws.

CONDITIONS OF SALE

I agree to call or send for the stock purchased herein at which time it is to be in good condition and I agree to receive shipment promptly on being notified of its arrival, after which time it will be at purchaser's risk. If through want of stock, any part of this order cannot be filled, this contract holds good for whatever part may be delivered, the price of omitted articles to be deducted from amount of bill. If any unavoidable cause prevents Fall Delivery of Fall orders, this contract to hold good for the delivery of this order the following Spring. Non-delivery of stock is excused in case of fire, frost, floods, drouth, strikes, shortage of nursery stock or other causes beyond the seller's control.

Upon receipt of stock, I will inspect it carefully and if it is not satisfactory, I will notify the Nursery office, and not the agent, immediately and will not plant it until I hear from the Nursery. If stock does not grow satisfactorily, I will notify the Nursery office, and not the agent, within thirty days after planting except on Fall delivery orders complaint must be made by April 15 following delivery. The Nursery assumes no responsibility unless any complaints are received as specified above. It is mutually agreed that in case any stock sold on this order prove untrue to name, the Nursery shall replace free, and shall in no case be held further responsible.

In case suit is brought to collect for this purchase or any portion thereof it is agreed that at the option of the nursery the venue of said suit may be laid in Chelan County, Washington. Interest rate of 8% charged on any unpaid balance.

It is agreed that the entire contract is written and printed herein and no agreement or outside bargain by the salesman shall in any way affect this contract.

Read above carefully; it is part of your signed order

NURSERY COMPANY

(THE WENATCHEE NURSERIES)

2nd and Mission Streets

Phone 294

WENATCHEE, WASHINGTON

ESTABLISHED 1906

WE ARE LOCATED in the heart of Washington in the center of the great fruit producing section. We have been growing fruit trees and other Nursery stock for nearly 50 years during which time a large portion of the orchards in our state have been planted to C & O trees. Also millions of our fruit trees are in bearing in the states of New York, Virginia, West Virginia, Maryland, California and other states as well as in foreign countries wherever fruit is grow commercially.

WE GROW LOTS OF FRUIT in connection with our Nursery, and operate more than one hundred acres. These orchards are set out principally to Riland, Wenatchee, and Sun Glo Apricots; Bing and Lambert Cherries; Herb Hale, J. H. Hale, and Elberta Peaches; Bartlett, Anjou, and Flemish Beauty Pears; Blackjon, Richared and Shotwell Delicious, "SeeandO" Winesap Apples, also many other varieties.

PLANT "C & O"
